

PMP® Bootcamp

Project Management Professional (PMP®)

This intensive PMP® certification prep training course provides experienced project managers with the knowledge of concepts, terminology and techniques that are addressed on the PMP® exam from Project Management Institute Inc. (PMI®).

In addition to providing the 35 hours of specific instruction required to sit for the Project Management Professional (PMP) exam from PMI®, the course also provides access to online flash cards and several test bank questions that were provided by PMI.®

The current PMP® exam is NOT based solely on the 6th or the 7th edition of the PMBOK® but rather on the 2021 PMI® Exam Content Outline and multiple references including the Agile Practice Guide. We are contributors to the 5th, 6th and 7th editions of the PMBOK® and a Premier PMI®ATP and authorized PMP® instructors. We have also participated in the updating of the June 2021 release of the PMP® course materials and practice questions.

Course Format: Virtual Lecture with discussions with sample questions and several test banks

Length of Course: This course is offered either 4 consecutive days or 8 half-days/evenings.

PMP Exam Pass Rate for 2021: 100%
